NOTICE OF SHORTLIST

Progressive Design Build Services For Replacement of 2MG Reservoir RFP No. W-481

The City of St. Helens received a total of three (3) proposals on July 11, 2023, in response to the RFP for Progressive Design Build Services for the Replacement of the City's 2MG Reservoir. Proposals were received from the following firms and are listed below,

- Emery and Sons Construction Group, LLC
- The Saunders Company
- Tapani Inc

The Proposal Selection Committee, comprised of City staff, reviewed each of the proposals individually and met together on Thursday, July 13, 2023, to evaluate and discuss the proposals. Proposals were evaluated per Section 6.4 – Evaluation Criteria (First Review) to narrow the selection to two proposers.

The following is the Shortlist of the two firms selected by the Proposal Selection Committee to interview for the project.

Shortlist of firms, listed in alphabetical order:

- Emery and Sons Construction Group, LLC
- Tapani Inc

Short-listed firms will be contacted directly to schedule a 45-minute interview.

Proposers may contact the City to schedule a debriefing. Debriefs will be scheduled after the selection process has been concluded and the contract is executed.

The City of St. Helens appreciates the interest shown by all firms who submitted a proposal for consideration in this process.

Please contact me with any questions regarding this notice.

Thank you,

Sharon Darroux
Engineering Manager
